Frequently Asked Questions

Q1. I could not attend the Information webinar on 26th April. Is there anywhere I can view this?

Please see webinar recording link below, however, please note that there have been a few minor changes since the webinar took place (i.e. – some ‘risks’ have been transferred to different sections)

<https://youtu.be/WEbY3wpNFmk>

Q2. What is a Risk Assessment?

A risk assessment is an exercise we carry out where our Clubs, County Committees, and each of our Associations at national level to examine all aspects of our service from a safeguarding perspective and establish whether there are any practices or features of the service, whether they be games, training, other activities for children, or the recruitment of coaches & mentors, that have the potential to put children at risk. A risk assessment is mandatory under the Children First Act and the Gaelic Games Code of Behaviour (Underage) and must be completed every two years.

Q3. What is a Child Safeguarding Statement?

A Child Safeguarding Statement that outlines the policies and procedures which are in place to manage and minimise the risks that have been identified. You may download the Gaelic Games Child Safeguarding Template Statement at <http://www.gaa.ie/the-gaa/child-welfare-and-protection/children-first>. The Child Safeguarding Statement must also be updated every 2 years.

Q4. How often must we carry out a Risk Assessment & develop a Child Safeguarding Statement?

All units are required to conduct a Risk Assessment & develop a new Child Safeguarding Statement every 2 years. The next Assessment will take place in early 2023.

Q5. I am the Club Children's Officer, but I don't have an official Gaelic Games email address. How do I submit the form?

Club Secretaries can submit the form if a Children's Officer does not have an official email.

Q6. Where do Children's Officers get the official email address?

GAA Club Children's Officer can avail of the official email address whereby their club chairperson or secretary can email mail.support@gaa.ie using their official GAA email address. The Children's Officer email address will then be created, and a temporary password issued which can be passed onto the club children's officer.

Q7. Who completes the Risk Assessment & signs off on the Child Safeguarding Statement?

The Risk Assessment must be discussed and adopted at a Club Executive Committee Meeting and must be signed by both the Club Chairperson & Club Children's Officer. Once completed, Clubs are required to develop a Child Safeguarding Statement to be put on prominent display (e.g., on Club social media, website, clubhouse etc.)

Q8. There are 3 sections in my club – GAA, Camogie & LGFA. How many Risk Assessment/Child Safeguarding Statements must we produce?

Within a Gaelic Games Club, i.e., where one overall Committee operates then you are only obliged to complete **one** risk assessment procedure and develop one Child Safeguarding Statement for that club.

Where a Club has more than one Committee, e.g., a GAA Executive Committee, and a Camogie or LGFA Executive Committee, then **each Committee (section)** must complete their own risk assessment and develop a Child Safeguarding statement.

Q9. What about Independent teams?

Where an Independent Team involving players registered with two or more Clubs exists, specific Governance Guidelines apply. Each Club Executive must agree to form a joint sub-committee of equal

membership to run the Independent team. They must also agree to appoint a Children's Officer for the Independent Team.

The appointed Children's Officer shall complete the current Child Safeguarding Risk Assessment process on behalf of the Independent Team and shall submit it along with a draft Child Safeguarding Statement for adoption to the sub-committee appointed to run the Team. The sub-committee shall be responsible for sharing the agreed Child Safeguarding Risk Assessment and the Child Safeguarding Statement with the relevant Club Executives who have players on the Independent Team(s).

Q10. Can we amend the Risk Assessment and Child Safeguarding Statement to make it more relevant to our club?

Clubs can, and are encouraged, to amend the Risk Assessment and/or Safeguarding Statement templates where applicable. However, please note that the Risk Assessment procedure relates to the potential risk of abuse & harm to children and not general Health & Safety risks

Q11. How do we fill in the 'Likelihood of it happening Low/Medium/High' column?

Clubs should discuss the 'Likelihood of it happening Low/Medium/High' column and identify if the likelihood of a risk of harm happening if your Club fails to adequately address the risks identified as High, Medium, or Low.

Q12. I submitted the wrong document. Can I re-submit a new document?

Yes, but please contact your County Children's Officer and make them aware that the first submission was incorrectly submitted and to only 'approve' the new and most up to date document.

Q13. My club use the title Child Welfare Officer and not Children's Officer. Is this ok?

Straight answer is that it is not ok. We do not have a role or an Officer titled Child Welfare Officer. Your Club may have been well meaning in using it, but it could send the wrong signals as the word 'welfare'

has a wider meaning not to mention the confusion it could cause with player welfare. We also do not use the title 'Youth Officer'.

Q14. A new Code of Behaviour is being released in June 2021. Where can I find the most up to date Policy?

The most up to date policy & guidance documents can be found here: <https://www.gaa.ie/the-gaa/child-welfare-and-protection/> The current Code of Behaviour (Underage) is the Code that is referred to throughout the Risk Assessment and Child Safeguarding process.
